It is not compulsory that you use the official agent for transportation of your goods to Amsterdam however it is highly recommended that you do so. European International Fairs Limited are specialists in Worldwide transportation of goods for trade shows and have temporary importation arrangements with Dutch Customs for items being imported for the show.

We strongly advise against shipping goods via courier directly to Electric & Hybrid Marine Expo Europe 2025 and Autonomous Ship Expo 2025 as such shipments have a high risk of customs delays and/or going missing once they are delivered to the show site.
