DISCOVER NEW INTERIOR MATERIALS, CONCEPTS, COMFORTS, INNOVATIONS, TECHNOLOGIES AND SUPPLIERS

Automotive Interiors Expo exhibitors represent the A-Z of car interiors, with their products being found in vehicles from just about every car manufacturer you can name. Speciality finishes are a strong theme of the expo, with some companies offering plastic compounding and masterbatching, metallised plastics and chrome-look plastics, and others presenting hot foil stamping, film insert moulding and styrenic finishes. You'll find a wide range of fabrics, acoustical materials, shape-forming materials and foams, fasteners and adhesive systems, lighting and more!

SHOW HIGHLIGHTS
